ANDROMEDA
STUDIO D'ARTE

Dear Artists, the XXX International Festival of Satire and Humor "City of Trento" is, for sure, an important step: the Studio d'Arte Andromeda wants to celebrate it with an universal, timeless theme, a continuous line made of changes in direction, references, quotes and different matters.

The SHADOW throughout history has encouraged the observation of ancient philosophers, psychoanalysts, physicists and, of course, artists.

The contest offers the fuse to light up a new gaze on this presence/absence, with the certainty that drawers and illustrators will be able to confirm and revolutionize the current theories or give new visions looking at the present days with wit, creativity and humor.
